## Frontend Developer

✉ manishgohil521@gmail.com    ☎ +91 9016120230     LinkedIn     Github     Portfolio

### PROFILE

---

Frontend Developer with 2 years of experience in building clean, responsive web apps using React.js and Next.js. Focused on writing easy-to-understand code and creating user-friendly interfaces.

### WORK EXPERIENCE

---

**Frontend Developer, Dioneapps Pvt Ltd** 12/2022 – Present

- Developed and maintained responsive web applications using React.js and Next.js
- Built reusable UI components to ensure consistency across the application
- Participated in code reviews and provided constructive feedback to team members

### EDUCATION

---

**B.TECH IT, Uka Tarsadia University** 2019 – 2023

### SKILLS

---

JavaScript (ES6+), HTML5, CSS3	React.js, Next.js
Tailwind CSS, MUI, Framer Motion	Redux, Context API
Responsive Web Design	RESTful API Integration (Axios)
Version Control (Git), VS Code	Chrome DevTools, Postman

### LANGUAGE

---

- Gujarati
- Hindi
- English

### PROJECTS

---

**Payroll Employee Management System, Next.js, Redux, Primereact UI**

- Developed an employee management system with features for attendance tracking, payroll processing, and employee data management. Built a dashboard using Next.js and Primereact where HR can easily handle employee records, process salaries, and view reports. Integrated with backend APIs for smooth data handling.

**WordsRU, React.js**

- Worked on UI improvements for an academic editing and proofreading website. Enhanced parts of the site based on client feedback to improve look, feel, and user experience.

**Tepnot Admin Panel (Chat Web Application), React.js, Redux, Material UI**

- Built an admin dashboard for chat application monitoring using React.js and Material UI. Created features for real-time chat monitoring, user management, and account oversight. Implemented search functionality for chat logs and user data with efficient state management using Redux.
